NEW J. P. MORGAN & CO. BANK BUILDING

Our illustration shows how the new four-story bank building of J. P. Morgan & Co. in Wall street will look when completed. It will cost \$1,200,000. The walls will be of Tennessee marble three feet thick, and on the roof will be a garden of palms and shrubs.

PRESIDENT'S "MEDDLING" SUBJECT OF CRITICISM BUT AMENDMENTS FAIL

CAUCUS RESISTS VITAL CHANGES

All Amendments to Tariff Bill, Save One, Are Voted Down.

DEBATE ON FREE LIST ENDS

Big Fight of the Day Over Amendment Offered by Ohio Congressman Removing Duty From Ready-Made Clothing—President Again Criticized For Alleged Interference—Income Tax Comes Up Next.

Washington, April 18.—President Wilson's alleged "meddling" with the party tariff program was again the subject of criticism when the Democratic caucus resumed consideration of the Underwood bill. Every effort to amend the bill in important particulars, however, failed.

The caucus made progress on the bill. The wool, silk, wood pulp and paper and the sundries schedules were passed just as reported by the committee on ways and means. Debate on the free list also was concluded. All that now remains to be disposed of are the administrative feature of the bill and the income tax section. The leaders said that the caucus would conclude its work Saturday night and the bill will be called up for discussion in the house early next week.

Only one change was made in the bill. Phosphoric acid, which was taxed 2 per cent by the bill, was transferred to the free list at the request of Representative Bartlett of Georgia, who said the product was an important element in the manufacture of fertilizers.

Ohioan's Amendment.

The big fight of the day was made over an amendment offered by Representative Bathrick of Ohio, providing that ready-made clothing should be admitted free. He insisted that as raw wool was to be admitted free of duty, a like policy should be accepted in the case of clothing. This amendment was defeated by a vote of 68 to 99. A substitute amendment providing a rate of 15 per cent on ready-made clothing also was defeated. The caucus thus retained the 35 per cent rate of the Underwood bill.

Representative Decker, a new member from Missouri, severely criticized the president for his alleged interference in the framing of the tariff bill. Mr. Decker also complained of the treatment of new members of congress by the ways and means committee. The Missouriian appeared to be of the opinion that Mr. Wilson should "shiny on his own side."

"President Wilson has just as much right as any other citizen to express his views on the tariff," replied Representative Thomas of Kentucky. "This town is full of lobbyists and corporation attorneys who are trying to impress their views as to the tariff on members of congress. Why should not the same right be accorded the president?"

Death Claims Bridge Builder

Bridge Builder Drowns.
Zanesville, O., April 18.—Frank Lineman, 23, Butler, Pa., who was employed in the construction of the Baltimore & Ohio railroad's temporary bridge across the Muskingum river, fell into the river and drowned.

Attorney Anhalt Indicted.
New York, April 18.—Attorney John N. Anhalt, who received a fund of \$20,000 to aid in securing Harry Thaw's liberation from Matteawan, was indicted by the grand jury for bribery, and gave himself up to the district attorney's office. He was arraigned before Justice Seabury in the criminal branch of the supreme court and held under \$5,000 bail for pleading Tuesday. A surety company furnished the bond.

WANT SCIENTIFIC DATA

Army Engineers, Inspecting Flood Districts, Seek Appropriation.

Cincinnati, O., April 18.—Congress will be asked to appropriate \$150,000 to obtain scientific data on rainfall and other things which contributed to the recent destructive floods, according to a decision of the special board of United States engineers, who opened an investigation in Cincinnati to devise means for flood prevention.

The board left later for Hamilton to inspect conditions. They plan to go to Dayton and from there will go to Columbus and Zanesville. Another session will be held in Cincinnati in May, when suggestions will be invited from the public.

Those present were Colonels Jervey and Shunk, and Majors Rand of Cincinnati, Oaks of Louisville, Cromwell of Cleveland and Allstaetter of Wheeling.

Fatal Hotel Fire.

Malone, N. Y., April 18.—Seven persons were burned to death and 15 others seriously injured when fire destroyed the DeWilton hotel here. Caught in their beds 30 or more guests were shut off from escape as the flames shot up the stairways.

WALK FOR MEN OF OLD REGIME

Wilson to Make Changes In Latin-American Countries.

Washington, April 18.—The fact was disclosed that President Wilson and Secretary of State Bryan are planning to remove from the diplomatic service a number of men regarded by them as having entangling alliances with the dollar diplomacy of the last administration. Though no names have been mentioned up to this time, the men the administration has in mind are mostly at posts in Latin-America.

Publicity given the case of Henry L. Janes, formerly of the state department but now serving by appointment from President Taft as one of the arbitrators in the case of the Quito & Guayaquil railroad, a New Jersey corporation, against the government of Ecuador, led to the official statement that changes in the diplomatic service are to come. The proposed recall of Janes is merely the beginning of a general movement along the line. Mr. Janes, it was said, was found to have an interest in the railroad involved in the case.

At the secretary's invitation, the Latin-American ministers are hastening to urge the removal of Americans whom they would like to see removed from their diplomatic posts in their respective countries.

UTILITIES BILL AGAIN AMENDED

Provisions Restored That Will Delay Court Review.

SENATORS UNDO HOUSE'S WORK

Private Bankers Win Partial Victory When the Senate Passes the Kennedy Measure, Considered Dead. Warnes Taxation Proposition Indorsed by the Upper Branch—Fight Over the Greenland License Bill.

Columbus O., April 18.—Undoing the work of the house, the senate public utilities committee reinserted practically all the provisions of sections 32 and 33, which had been taken from the Mills public utilities bill. With these sections eliminated, speedy review in the supreme court of all disputed decisions of the utilities commission was assured, but, as reinstated, the way is paved for continuous delay, thus making the measure practically unworkable in the opinion of many.

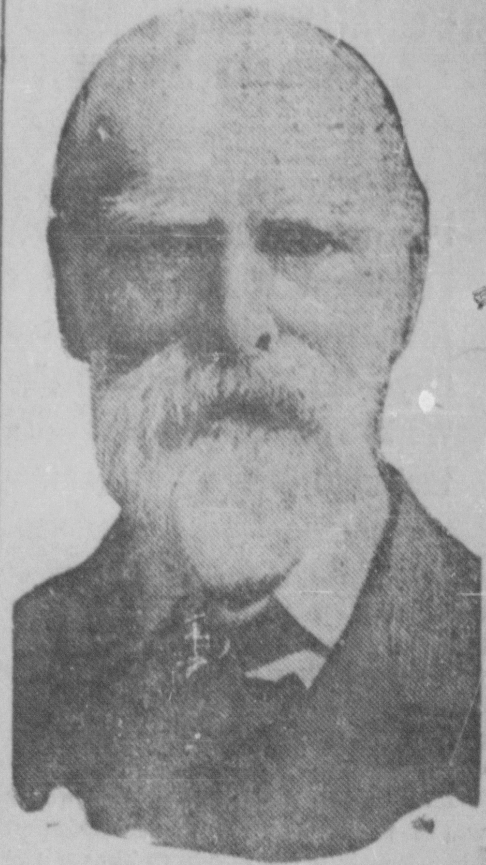

The restored sections provide that any stockholder, bondholder or other person pecuniarily interested, may file applications for rehearing before the utilities commission, thus delaying appeal to the supreme court.

The house inserted in the bill amendments which provide for physical valuation of railroads by the commission. Private bankers won a partial victory in the legislature when the senate passed the Kennedy bill, which had been considered dead after that body had acted favorably on the Zmut bill, which placed these banks under direct control of the state banking department and required capitalization at not less than \$10,000. The Kennedy bill had passed the house, but it was amended by the senate by inserting some of the provisions of the Zmut bill. The amended Kennedy bill does not make the act governing state banks applicable to private companies save in a limited manner.

British Ambassador Sees End of the Panama Tolls Question.

Ambassador Bryce is quoted as having sent a report to London that President Wilson favored an early settlement of the vexed Panama canal tolls problem and intimated the president would soon issue a statement defining the administration's position.

EDUCATION SHOWS BIG FIGURES IN THIS STATE

ILLITERACY IN OHIO SHOWS A DECREASE

Number of Marriageable Men Exceeds That of Women.

Washington, April 18.—Illiteracy in Ohio is on the decrease, rural families have more children than their city cousins, the number of marriageable men exceeds that of marriageable women, foreign-born population remains greater in the city than in the country and Germany leads in the number of immigrants sent into Ohio, according to a bulletin entitled "The Composition and Characteristics of Ohio's Population," issued by the federal census bureau.

The percentage of persons unable to read or write in 1910 was 3.2, as against 4 per cent in 1900, and the percentage is about the same for city and rural residents. The percentage of illiteracy among native-born white persons is only 1.5; among foreign-born white, 11.5, and among negroes, 11.1.

Not only are there more children in rural families, but a greater percentage of the country people marry. Both these facts are probably accounted for by the generally accepted fact that the struggle for existence is less severe in the country.

More than 63½ per cent of the people are natives of the state and of white parentage, and 2.3 per cent are negroes. The foreign-born population constitutes 17.9 per cent.

Firemen Meet Death

Three Firemen Killed and a Dozen Hurt Fighting a Philadelphia Fire.

Philadelphia, April 18.—Three firemen were killed, two are dying in the Hahnemann hospital and 10 more were seriously injured in a fire that destroyed the W. T. Westcott company plant. In addition to the destruction of the building the old home of Edgar Allen Poe was ruined by the fire. The conflagration was one of the most spectacular that has been seen here in years. All of the firemen who lost their lives were killed by falling walls. There were five explosions of methylic alcohol.

NOTHING DOING IN THE WORK TO WELD OLD PARTY

MUNSEY SCHEME GETS THE BOLO

Progressives Will Hold Aloof From the Old Parties.

ISSUE A SHORT STATEMENT

Neither Prospect Nor Possibility of Any Amalgamation, They Say, With Either the Democratic or Republican Parties—Walter Brown of Ohio Attends Meeting of the Executive Committee.

New York, April 18.—Frank A. Munsey's plan to amalgamate the Republican and Progressive parties underwent a gentle annihilation at the hands of the executive committee of the Progressive national committee.

"There is neither prospect nor possibility of any amalgamation or combination of the Progressives with either of the old Tory parties," said the official report of the committee's two-day meeting. "The Republican party, under permanent reactionary leadership, presents no hope of genuine progressive achievement. There can be no progressive Democracy because the Democratic theory of state's rights and progressive legislation are incompatible with the other. There must be no policy which will prevent our using every governmental power of the nation or the several states whenever that power is appropriate to serve the cause of the people."

Since the last meeting of the executive committee, which was held in New York in January, the Progressive leaders have sent men throughout the states to find out how the members of the party felt about Mr. Munsey's proposal. In New York the spirit against combination with the Republicans is strong. The investigators, it is understood, reported that the rank and file in other cities felt the same way about it.

The Progressive leaders were insistent that such action as they took should not be interpreted as a slap at Mr. Munsey. They were bent upon smashing his plan, but Mr. Munsey they wanted to keep with them.

Among those present at the meeting were George W. Perkins, chairman of the executive committee; William F. Flyn of Pittsburgh and Walter F. Brown of Ohio. The committee will probably have another meeting in May.

Sue Over Onion Sets.
Upper Sandusky, O., April 18.—Herbert and Hiram Presler of Carey, O., who bought \$181 worth of onion sets from Fay D. Ewing, a druggist, brought suit for \$4,000, claiming to have lost that much in planting the seed, which they allege was not as represented.

LOCAL COUNCIL IS PLANNING PURCHASE OF NEW FIRE ENGINE

Safety Director McLellan and
Members of Council Witness
Demonstration at Circleville.

ALL GREATLY PLEASED
WITH BIG FIRE FIGHTER

Recent Emergency Caused Agita-
tion for Better Fire Fighting
Equipment Which Will Offer
Adequate Protection to the
City---The Motor-driven Engine
Works Perfectly When At-
tached to Ordinary Hydrant.

Within a reasonable length of
time Washington may cast aside its
present ancient fire-fighting appar-
atus, supplanting it with modern fire
fighting equipment which will offer
proper protection against disastrous
conflagrations.

The recent flood, when the water
works plant was out of commission
for more than twenty-four hours, and
when the city was without any safe-
guard against fire dangers for a por-
tion of that time, not a drop of wa-
ter being available in the city mains,
caused many citizens to give serious
thought to more adequate fire protec-
tion, and the recent danger, combin-
ed with the pressing need of more
and better equipment under ordi-
nary circumstances, has caused Safety
Director McLellan and members of
Council to get busy.

Councilmen Rothrock, McLean and
Chapman and Safety Director Mc-
Lellan made a trip to Circleville
Thursday to inspect the new auto-
fire engine recently purchased by
that city, and while there the huge
fire fighter was thoroughly demon-

strated, so that they returned great-
ly pleased with the equipment. It
was an eye-opener in comparison
with the local department, and a
sample of what modern fire fighting
apparatus really is was shown the
party from this city.

As a result of the recent agitation
and the visit to Circleville, the pro-
position of purchasing a motor-fire
engine is expected to be taken up by
the city council at an early session,
and indications at present are that
the proposal has a good chance of be-
ing put through and a modern motor
driven fire engine secured which will
be a constant safeguard against fire
dangers.

"If we had been equipped with an
engine like the one we saw demon-
strated yesterday," said one of the
councilmen who had been to Circleville
and saw the demonstration, "the big
fire on December 30, 1911,
would not have occurred, for with a
stream like the one the motor driven
engine throws the fire could have
been extinguished in short order, as
the partition behind which the fire
was burning could have been torn
down with the stream of water, like
so much paper."

The eight-ton truck, carrying some
ten men, including the local men,
dashed down Circleville's streets at
40 miles an hour, threw a one and
three-eighths stream of water 150
feet in height, and a like stream for
a distance of 180 feet, with 285
pounds pressure behind it.

Attached to a hydrant the engine
easily maintained the high pressure,
showing conclusively that in this
city any hydrant could be used in
throwing a 285 pound pressure
stream, or 815 gallons per minute.

The ordinary hydrant, cistern or
creek can be used in supplying the
engine with water, so that if the lo-
cal water plant was entirely out of
commission, it was argued, the sup-
ply would be ample to protect the
business district of the city and a
large part of the residence district

that could be reached from the creek.
Circleville, with 1,000 less popula-
tion than this city, also has a steam-
er that can be used to assist the new
engine if necessary.

**Brings Suit
On Old Notes**
Henry O. Valentine Friday morn-
ing filed suit in the Common Pleas
court, making Henry Jones and Mary
Jones, residents of Ross county, de-
fendants in an action to compel pay-
ment of promissory notes.
The plaintiff alleges that on May
24, 1906, the defendant executed
three promissory notes of \$100 each,
one due in one year, the second in
two years, and the third in three
years, and that only a portion of one
of the notes has been paid.
Plaintiff asks that a mortgage held
on certain property owned by the de-
fendants, be foreclosed, and the claim
satisfied.

S. S. CONVENTION SPLENDID SUCCESS

The annual Fayette County Sun-
day School convention which con-
vened in the First Baptist church
Thursday was unhesitatingly pro-
nounced the best convention ever
held in the city. The attendance
was exceptionally large, with dele-
gates from every township in the
county and splendid reports from 50
out of the county's 60 Sunday schools.
Throughout the day sessions were
brimming over with interest and in-
struction and reached their climax in
the splendid evening meeting, when
the church was crowded.

The morning session presided over
by Rev. G. H. Creamer, Good Hope,
included two addresses of special in-
terest. Miss L. Etta Rannells, from
the results of her own experience
and knowledge, made a beneficial
address on "Teacher Training", and
Mr. C. W. Shinn, State Secretary, of
Columbus, spoke on "Imperative De-
mands of the Modern Sunday School."
Miss Tullis' talk on "New Primary
Methods" was excellent.

By special request Miss Daisy
Cockerill sang a beautiful solo.

Rev. F. M. Moore, of Bloomingburg
presided over the afternoon session,
which was largely taken up with re-
ports and election of officers. Mrs. D.
H. Rowe made a splendid little talk
on "Adult Class Work", the subject

continued in a wide-awake discus-
sion led by Mrs. Levina Barrett, of New
Martinsburg.

Mr. Shinn addressed the conven-
tion on "Problems of the Country
Church," giving generous enlighten-
ment in regard to present day condi-
tions in the country. The well-post-
ed secretary made the statement that
church members who come from the
country with well formed characters
make the best leaders and urged the
continuance of the country church as
a great help to the people.

Adding much pleasure to the af-
ternoon program were vocal solos by
Miss Fern Foster, of Greenfield; and
Miss Reba Ricketts, of Good Hope,
and a sweet little song, sung by Mar-
garet Alice Porter, a cunning six-
year-old.

The evening session, with Rev.
Ricketts, chairman, gave immense
impetus to Sunday school work.

Rev. F. E. Ross, of Grace church,
delivered a fine little address on "Re-
lation of the Sunday School to the
Church." The minister made promi-
nent how necessary the support of
church was the Sunday school; how
its progress indicated the progress of
the church, and what its loyalty
meant to the church.

Mr. Shinn was particularly strong
in his address on "Sunday School and

For years now the railroad track stretching from Detroit, Michigan, on the north to Ironton, Ohio, on the south, together with very meager equipment, tumbled down freight depot facilities and disgraceful passenger station accommodations, the whole being known under a number of names and aliases during the little more than a quarter of a century of its existence, have comprised one of the unguessable riddles of the business and railroad world.

During the last few years the conglomeration has been known as the Detroit, Toledo and Ironton railroad. It was a nuisance to the traveling public so long that it graduated into the joke class and no one took the road or its schedules seriously. The public learned long since never to expect the trains until they saw them and learned not to expect to get anywhere on its trains until they actually arrived at destination. The road has been bonded, sold, "received" reorganized and "received" again until but a chosen few only know who owns it or how much it owes.

It has been advertised for sale so frequently and the date set for sale postponed so often that the sale day schedule has been regarded as on a par with the train schedules.

Finally on Thursday, just when about every one had determined that the road never would be sold, the unexpected happened and a big bite extending from Lima on the north to Wellston on the south was sold to the New Jersey Company which is holding a bag filled with mortgage bonds.

Just what this means no one seems to know, judging from facts imparted to the public.

Nearly every hamlet, town and city along the line believes firmly that the road, if honestly reorganized and reequipped with steam, electricity or gasoline motors would be a money-maker and an immense benefit to the people of the territory which it traverses.

Rumor again has it that the Pennsylvania and the N. & W. have a finger in the deal, but so far that is only rumor.

If the D. T. & I. is to be made a through line, it must be by absorption in one of the big systems which means a rebuilding of a large part of the road. If it is to be made a snug, reliable, prosperous, accommodating, local road, it must be by lopping off the two ends which now are useless to local trade and mean nothing in the through railroad business world.

Through this section of Ohio the road, ever since it was builded under the name of the Springfield, Jackson and Pomeroy, has done much better, financially, than the accommodation furnished, warranted. From Springfield and possibly from Lima to Wellston the road ought to be a good paying road conducted purely as a local carrier of passengers and freight.

In this immediate vicinity north and south from Washington the D. T. & I. under a new name, new management, new equipment, new and reliable train schedules, is needed and whether it is to be a local or a through road matters not, it would mean much to this prosperous section if there would really be "something doing."

Indians Resent Being Called the "Vanishing Race"

By Dr. FRANK G. SPECK,
Professor of Anthropology at the University of Pennsylvania

THE AMERICAN PEOPLE SEEM TO TAKE KEEN DELIGHT IN SENTIMENTALLY BEMOANING THE "POOR INDIAN" AND BEWAILING THE FACT THAT HIS DAYS ARE NUMBERED. THE ENTIRE NATION IS POSSESSED OF THE IDEA THAT THE INDIANS ARE VANISHING, WHEREAS NOTHING COULD BE MORE UNTRUE.

Numerically the Indians are increasing each year and are now beginning to feel their own strength.

The only reason why people consider that the Indians are decreasing in numbers is because they no longer see them in paint and feathers. Indians are changing their customs, dress and mode of life as they are BECOMING MORE AND MORE PERMEATED WITH WHITE CIVILIZATION. Generally speaking, the Indians today all dress as we do. It would be just as incorrect for the Indians to call us vanishing because we are not attired in the clothes worn fifty or seventy-five years ago. Nowadays one may pass Indians in the streets of our cities every day and never know it.

THE INDIANS THEMSELVES GREATLY RESENT BEING CALLED A "VANISHING RACE" AND CONSIDER THE NAME AN AFFRONT TO THEIR NATIONAL STAMINA.

Poetry For Today

THE END OF THE SHOWER.

The shining drops of rain come slowly down
As crystal gems from God's own jeweled hand,
And from behind the cloud bank's silver crown
The sun rays gild with splendor all the land.

Each blade of grass is like a silver spear,
And far more fair than pearls wet sandstones gleam.
While in bright pools of water far and near
Are mirrored scenes fair as a seraph's dream.

Now falls the rhythmic patter of the rain
And free from clouds the gleaming sunshine fair,
While blazes all the scintillating plain
And newborn splendor fills the earth and air.
With what a vibrant touch of freshened life
The tender plants unfold fresh healed from blight!
While trees and fields with bursting songs are rife
As all the birds proclaim their new delight.

All Evidence of Impure Blood and a Run-Down Condition.

When the blood becomes thin, poor, devitalized nature cries out through such external and often painful evidence for help, and the safest, surest and most helpful remedy we know is Vinol.

This is because it is a combination of the two most world famed tonics—the medicinal curative elements of cod liver oil (without the oil) and tonic iron for the blood. Vinol strengthens the digestive organs, creates a hearty appetite, purifies and enriches the blood, creates strength.

Mary Lang, of Altoona, Pa., says: "Ever since childhood, I have been delicate, and my blood poor, thin, and devitalized. Nothing seemed to help me until I took Vinol and it has built me up and made me strong."

We say positively there is nothing like Vinol to purify and enrich the blood and build up weak, run-down people. If it should fail in your case we will return your money. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

Olentangy Park Opens April 27

Olentangy Park and Theatre, Columbus' magnificent summer amusement place, will open for the season of 1913 on Sunday, April 27th, and a big program of free entertainment has been arranged, including band and orchestra concerts, martial music by the M. W. A. Drum and Trumpet Corps, a troupe of cabaret entertainers, singers, dancers, vaudeville acts, and other open-air attractions.

The famous Republican Glee club will also give concerts in the theatre, on the opening Sunday and every night during the following week, for the benefit of the flood sufferers. The program will be changed each night and the admission will be 25 cents for any seat in the house.

Among the new features at the Park this season will be "The Fun House," including the human roulette wheel, bullmoose glide, rolling waves, comic slides, funny stairs, electrical surprises, rain storm, wire maze and other novelties.

The big dancing pavilion, with a double orchestra, will be open all afternoon and evening, and the scores of other amusements including the sensational and thrilling riding devices, will be in operation from 10 o'clock in the forenoon until 11 o'clock at night.

Numerous outings, picnics and excursions are already being booked at Olentangy for the coming season and the indications are that this will be the banner year of the Park. Parties desiring to arrange for an outing or excursion should write to The Olentangy Park Company, Columbus, O.

Paint Township Annual Picnic

The annual picnic of the Paint township schools will be held at the township hall at Yatesville, on Friday of next week, lasting the entire day, and as usual a picnic dinner will be a feature of the event.

A program has been prepared and plenty of entertainment is promised. The annual picnic was instituted a few years ago, and has been gradually increasing in popularity. Some well known speaker will address the picnicers as usual.

HARD TIME SOCIAL.

A Hard Time Social will be given at the home of Mrs. John Wilson on Hinde street Friday night, April 18. Each member requested to bring a guest. Admission 10c.

Mrs. Violet Hatch, of Jamestown, Celebrates 101st Anniversary of Her Birth, and Presents Relatives With Presents Made By Her Own Hands Within the Past Few Months--A Remarkable Woman.

Mrs. Violet Hatch, of Jamestown, celebrated her 101st birthday anniversary this week, and four generations of her descendants assisted in making the occasion one of great pleasure for the aged lady. Although she is 101 years of age, Mrs. Hatch is still able to read without glasses, and also to carry on her sewing, a thing of which she is very proud. To the relatives who assisted in the celebration of her birthday anniversary, Grandma Hatch gave each an apron or handkerchief which she had made during the past few months. The old lady discussed current events with her relatives, having gleaned a good knowledge of what is taking place in the world by daily perusal of the newspapers. Other interesting information concerning Mrs. Hatch is given by the Xenia Gazette, which says: "She takes personal care of her own bedroom, and of her own bath and toilet. She has no chronic ailment, not even rheumatism, and all last win-

INTERESTING BITS OF NEWS

(By John E. M. Kerr.)

Operators in the Canadian Pacific Railway telegraph offices at Vancouver, B. C., are able to send messages direct to London, England now without the use of relays, following the installations of newly invented telegraph instruments. Messages that were formerly handled from here to Montreal then relayed to Hazel Hill, N. S., sent by cable to Waterville, Ireland, and thence to London.

Fully 40 per cent of the world's crude rubber output now goes into tires and automobile accessories. The 1913 rubber crop will be approximately 108,000 tons, of which nearly 45,000 will be consumed in factories identified with the automobile industry. The United States Tire company during 1913 will use in the neighborhood of 25,000,000 pounds of crude rubber.

May 20, Marysville a town half the size of Washington, will receive bids for \$120,000 worth of five per cent bonds the money to be used in building a sanitary sewerage system.

A high school building erected in 1908 at a cost of \$750,000 at Calgary, Alta, had 13 teachers and 325 pupils. In 4 years it has outgrown its capacity and a larger one is now planned to cost \$400,000.

It will be built in another part of the city on an elevated area, where the picturesque as well as the utilitarian plans meets the approval of the city.

Fred, the faithful old horse of the Shepard Lumber mills, of Wilmington, was painlessly put out of life this week. He was more than thirty-nine years of age and was purchased by the Shepards thirty-six years ago. His last public appearance was in the Home Coming parade.

The practical success of the Garden clubs organized in different cities and towns over the country, converting vacant lots and plats of ground into beautiful flower and useful vegetable gardens, has caused the backers and civic improvement organizations generally to greatly extend the good work this spring. Charity workers claim the plan is an aid to them in enabling a discrimination between those worthy of support and those not deserving it.

The Philadelphia Public Ledger announced: The use of the color comic pages in the Sunday Public Ledger has been discontinued. It was concluded that the subject matter and treatment of the comic illustrated serials exercise a mischievous influence on boys and girls and have a demoralizing tendency. The Ledger believes that the substitution of other features of superior quality will have more worthy appeal to the intelligence and good taste of the great mass of its readers. The Ledger is replacing the comic with other features that will have an equal interest as well as a superior value. It intends to eliminate journalistic vaudeville and substitute therefore something more in keeping with the higher purposes of an enlightened newspaper.

Plan Betterment Of Ohio Southern

The first mortgage bondholders, the New York Central Trust company have a plan on foot for bringing the Ohio Southern division of the D. T. & I. railroad up to a greater efficiency by raising \$2,225,000, paying off the \$1,550,000 receiver's indebtedness of the division, and using the remainder in improving and equipping the road. It is possible that the name of the road may be changed to Ohio Southern, or some other name other than the Detroit, Toledo and Ironton.

The New York Trust company and the Columbia Knickerbocker Trust company, objected to the sale of the Ohio Southern Division, Thursday on the ground that the sale would be a detriment to the general properties and an inconvenience to the public.

GET TO SUGGS IN SIXTH

Pirates Defeat the Reds in an Interesting Game.

Pittsburg, April 18.—Pittsburg defeated the Cincinnati team, 3 to 2, in the opening game of the local season, before a crowd of over 25,000. Suggs pitched a great game until the sixth, when two doubles and a pair of singles sent a round three runs, which proved enough to win the game. The visitors' two runs were scored on errors. Score:

Longer Spans And Less Piers

In the counties where a number of bridges were carried away, the engineers are planning structures to take the places of the demolished bridges, which will have a longer span and not so many piers as the old structures.

In this manner it is hoped to prevent a recurrence of the damage to bridges, and thus save the county the expenses of replacing the bridges after another high flood.

John G. Swift Will Is Filed

The last will of the late John G. Swift, of Green township, was filed in Probate court Friday, and by the terms of the will his widow, Emma Swift, is given his entire property of real estate, money and personal property, with the proviso that she may sell, will or deed to whomsoever she chooses.

The instrument was drawn November 30, 1908, and witnessed by O. M. Patterson and E. J. Simmons.

Buys Property And Will Remodel

Mr. E. A. Klever, who has been engaged in the Undertaking business in this city, the past eleven years, and who has been located in the Worthington block for the past several years, has purchased from Dr. J. F. Dennis the old Richard Millikan homestead on Market street, just opposite the court house, and will soon commence the work of remodeling it into one of the most modern undertaking establishments in this part of Ohio. The necessary papers for the deal were drawn up Thursday evening, L. Eggleston and Son being the agents through whom the deal was made.

When remodelled the structure will bear little resemblance to the present one, but will consist of a two-story structure with complete undertaking parlors on the first floor, and a handsome flat on the second floor.

Mr. Klever now has an architect at work on the plans, and hopes to commence the work of remodeling within a very short time. The first floor will contain an office in the front part, and immediately back of the office will be the chapel and stock rooms, with the morgue still further back. Then comes the funeral car and ambulance rooms and garage, while the extreme rear will be used for stable purposes, being separated from the main part by suitable walls. Each department will be thoroughly equipped in the most modern style.

On the second floor will be a modern flat with all conveniences and it will be occupied by Mr. Klever and family.

The structure is to be of brick, with an attractive front, and will be a decided improvement to the street. For some time Mr. Klever's present quarters have proven too small for his increasing business, and after investigating a number of propositions, he decided upon the purchase of the Dennis property, which is 27 by 119 feet, and ideally located.

W. C. T. U. Convention At New Holland

The fourteenth institute of the Pickaway County Woman's Christian Temperance Union will be held in the Methodist Episcopal church at New Holland, April 25.

The meeting will open at 9:45 o'clock in the morning and will continue throughout the day and evening.

The afternoon meeting will open at one o'clock. Mrs. Mettie Slater, of Cleveland, Ohio, state lecturer for the Ohio Woman's Christian Temperance Union, and an attractive and entertaining speaker will be the leader and principal speaker. Members and friends from all the unions in the county and all friends of temperance, both men and women, are cordially invited to attend and bring their lunch boxes and spend the day and evening. Tea and coffee will be served at the noon and evening lunch by the New Holland union.

In the evening a medal oratorical contest by a class of young people will be held. This promises to be very interesting. A small admission fee will be charged in the evening.

Good music will be a pleasing feature of both day and evening meetings.

Mrs. Slater is familiar with every department of the work she represents and does not fail to interest and profit her audience.

X-Ray Installed

Dr. P. E. Decatur has installed a new X-Ray and high power frequency coil in his office on North street, adding to the completeness of his office.

Chi-Namel Demonstration That Is Different

You can ask the Demonstrator to show you any Chi-Namel product you may be interested in, actually applied.

For instance—White Enamel, Porch Furniture Enamel, Gold and Aluminum Paint, Varnish Remover, the kind that softens old varnish so it can be washed off with a common scrub brush and clear water, Floor Wax, Furniture Polish, Mission Stains, Colored Varnishes for staining and varnishing with one application.

She will not merely show you the package containing these materials, but show it in the brush, and applied before your eyes—in fact, you can take the brush and apply it yourself.

You can see the actual colors—see how easy it is to apply—how all brush marks disappear before it hardens.

This will be a demonstration worth while for any one who is responsible for the care and good appearance of the interior woodwork and furniture of a home.

By asking for a demonstration of any particular Chi-Namel product you will not place yourself under obligation to buy. This demonstration is to acquaint the public with the use and economy of Chi-Namel in the home.

Cameron Is Indicted With Others At Columbus

BANK OFFICIAL INDICTED

Grand Jury Probes Case of Columbus Savings and Trust Company.

Columbus, O., April 18.—Two indictments were returned against H. W. Backhus, secretary-treasurer of the Columbus Savings and Trust company. Both indictments charge Backhus with making false entries in the bank's records. Backhus appeared in court soon after the indictments were returned and entered a plea of not guilty. His bond was fixed at \$2,000 in each case.

Attorney J. J. Chester, stating he represented I. B. Cameron, former state treasurer, said he had been notified that an indictment had been returned against his client, charging "illegal depositing of state funds."

Football Ball Play With Measure May Defeat It.

(Continued from Page One.)

As soon as the house concurs in amendments made by the senate to the Barnes taxation bill, the measure will be ready for the governor's signature. The most important amendment made by the senate was proposed by Senator Bernstein of Cleveland, and provides for publicity not only of valuations of real property, but personal property also.

Liquor License Bill.

Wets and dries engaged in a prolonged argument over Senator Greenlund's liquor license bill. The first point at issue, by 58 to 61, the house voted not to substitute the license bill of the dries as contained in the minority report from the liquor traffic committee. Four hours later the wets had lost 10 votes to their opponents, who forced into the bill, by 62 to 58, the amendment offered by Mr. Detrick of Logan, forbidding the location of a saloon within 300 feet of "a permanent public or parochial school." A dry amendment by Mr. Kilpatrick of Trumbull, assessing brewers \$1,000 for privilege of peddling beer from wagons, is under consideration today.

In a square fight automobile owners and farmers defeated the state administration in the house, forced amendments into the Barnes automobile graduated fee bill and had the votes to kill the measure. It was saved temporarily only by postponement.

The senate passed the Read house bill providing that schoolhouses be used for social centers. It now goes to the governor.

The Capelle bill legalizing boxing contests in Ohio was stricken off the senate calendar.

The Bigelow bill to revoke the Cincinnati Traction company's franchise was put to sleep in the senate municipal affairs committee when, by a vote of 5 to 4, the committee refused to report the bill to the senate with a recommendation for passage.

OHIO HAPPENINGS

Want Receiver Appointed.

Cincinnati, O., April 18.—Two suits, asking for the appointment of a receiver for the Schacht Motorcar company, were filed here. The company has \$300,000 capital in common stock and \$18,000 in preferred. The petitioners are two stockholders and a director of the company. They allege that the assets of the company exceed the liabilities, but owing to differences between the directors and stockholders the business of the concern is at a standstill.

Hoover Found Guilty.

Van Wert, O., April 18.—Ralph Hoover, 13, accused of the premeditated murder of his wife, Helen, 17, was found guilty of second degree murder. The girl-wife was found lying in a pool of her own blood on the floor of their home with a bullet wound in her head. Hoover claimed he had been away from the house and that his wife whispered "a strange man did it."

Says Girls Use Cuss Words.

Dennison, O., April 18.—High school girls were censured severely by the mathematics teacher, Miss Ruse, for the alleged use of profanity. Miss Ruse declared that profanity among girls is more noticeable than among the boys. Drastic measures will be taken in an effort to abolish it.

Cat Attacks a Girl.

Youngstown, O., April 18.—As the result of being bitten by a cat, Agnes Winnings, 14, daughter of W. G. Winnings and wife, will go to Pittsburgh for treatment at the Pasteur institute. The child tried to stroke the cat, which bit her.

Workman Caught in Flywheel.

New Lexington, O., April 18.—While repairing one of the large dry kilns at the Ludowici Celadon tile plant, William Golden was caught by a flywheel and both his legs were broken. He may not recover.

Alber Engages La Follette.

Cleveland, O., April 18.—Manager Louis J. Alber of the Coit bureau announces he has closed a contract with Senator La Follette of Wisconsin for a six-weeks' lecture tour next October and November.

Bank Burglar Sentenced.

Bowling Green, O., April 18.—William Milley was sentenced to three years in the penitentiary when he pleaded guilty of burglary of the Munn bank at Portage in November.

KID CARTER PUT AWAY

Boasts In Court of Having Committed Many Murders.

Boston, April 18.—"I killed Mrs. Mildred Donovan. That was only one of many murders that I committed. That is all I have to say."

This confession was uttered from the dock in the superior criminal court by William B. Jennings, known in the prize ring as Young Kid Carter. Just after he had been found guilty of killing William M. MacPherson, a bartender, and had been sentenced to imprisonment for life.

Jennings said he was mixed up in other murders, but they were in the west.

Of Mrs. Mildred Donovan of Revere, who met her death New Year's eve, Jennings said he invited her for a walk and, near Holy Cross cemetery, in Malden, strangled her. Her body was found next day. "I killed her because I was afraid she would squeal about some of my crimes," Jennings declared.

SUFFERS FROM WEAKNESS

General Condition of the Pope Reported Unchanged.

Rome, April 18.—The efforts of the Vatican authorities to keep secret all information as to the pope's condition continue. It is certain, however, that the premonitory symptoms of death which were visible Wednesday have now disappeared, although the general condition of the pontiff has not changed. The cough is as bad as ever and he is suffering from great weakness. The pope's persistent loathing for food is a serious factor in his illness and has aggravated his weakness and brought on diarrhoea.

GARRISON'S DECISION

Mexican and Indian Soldiers Will Be Turned Back Into Mexico.

Washington, April 18.—The 500 Mexican and Indian soldiers held by United States troops on the Mexican border will be turned back into Mexico at once. This decision was reached by Secretary Bryan and Secretary Garrison in conference on the matter. The arms of these prisoners have been taken from them and they will be turned back into Mexico free to go where they please.

WAYMAN SHOTS SELF

Prominent Chicago Attorney Puts Two Bullets Into His Body.

Chicago, April 18.—John E. Wayman, former state's attorney and candidate for the Republican nomination for governor at the last election, shot himself twice below the heart at his home on Constance avenue. The doctors say it will be a miracle if his life is saved. The shooting was characterized by the doctors as an attempt at self-destruction while the victim was suffering from temporary aberration of the mind, caused by a nervous breakdown due to overwork.

Ohio Needs Flood Funds.

Columbus, O., April 18.—An urgent appeal to the country at large for additional funds with which to rehabilitate Ohio homes destroyed by floods was made by W. H. Steele, national director of the Red Cross. The Red Cross relief fund now is being distributed in the various states. Ohio's portion, \$100,000, was received by Colonel MacLear Wilson today.

For Hair Health

If Rexall "93" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We could not so strongly endorse Rexall "93" Hair Tonic and continue to sell it to the same people if it did not do all we claim. Should it not prove entirely satisfactory our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you suffer any scalp trouble, we believe Rexall "93" Hair Tonic will do more to eradicate the dandruff, give health to the scalp, stimulate new hair growth and prevent premature baldness than any other human agency.

We want you to make us prove this. We ask you to risk no money whatever. Buy a bottle of Rexall "93" Hair Tonic, use it according to directions for thirty days; then if you are not entirely satisfied, come and tell us and we will promptly hand back the money you paid us for it.

We won't ask you to sign anything, nor even to bring the bottle back. We won't obligate you in any way. We will take your mere word. Could anything be more fair? Could we do anything more to prove our belief in Rexall "93" Hair Tonic, and our honesty of purpose in recommending it to you?

Rexall "93" Hair Tonic is as pleasant to use as spring water and has but a faint, pleasing odor. It comes in two sizes of bottles, 50c and \$1.00.
